Docket No. 98N-1265 07 '99 APR 19 AIO:13  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

**I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.**

**COMMENTS:** In my case, I cannot take synthetic female hormones.  
However, the natural progesterone and estadiol are working fine for me.  
In order to get these products in a form usable by my body, I get them  
in Wisconsin from Madison Pharmacy. If I could get them in Illinois  
as I was able to do before Bajamar joined with Madison Pharmacy, I  
would not have to ask for items shipped across state lines. However,  
Bajamar is no longer. Please do not hamper my feeling so much better  
on female hormones by disallowing me to get them from Wisconsin. Please  
know that I furthermore pay full price to have these pharmaceuticals since  
my insurance company will not service Madison Pharmacy. To me, this is a  
much more serious matter.

Thank you for your consideration.
